Notes:

1. Source of Data: 2013-2014 OSPI/ School Apportionment & Financial Services (SAFS)
2. The ESDs were created by the Legislature to provide business office, curriculum, and advisory services to school districts; especially smaller school districts without adequate resources in these areas.
3. Like other education executives, it is common practice for ESD Superintendents to receive annual annuities. For example, the annual annuity for the Superintendent of ESD 113 is \$10,440, ESD 101 is \$10,400, ESD 171 is \$13,000. This is not figured into their base salary.
